

CURRICULUM VITAE SIMON FELDHAUS MD
Specialist in General Medicine
President of SSAAMP
(Swiss Society of Anti-Aging Medicine and Prevention)

Dr. med. Simon Feldhaus is a general practitioner and holder of the phytotherapy and interventional pain management certificates. Simultaneously with the study of human medicine, he trained in complementary medicine and thus can draw on a large wealth of experience in both medical fields.

Special unique is the parallel approval for working as a doctor as well as a naturopath in Switzerland.

He heads the Center for Medical Whole Medicine at Paramed in Baar and is President of the SSAAMP (Swiss Society of Anti-Aging Medicine and Prevention), one of the largest scientific societies in Switzerland.

His therapeutic interests include regulatory medicine, orthomolecular medicine, mitochondrial medicine, phytotherapy, complementary oncology, and integrative sports care and health prevention.

As a speaker at national and international events, he has made a name for himself in the field of complementary medicine.

In the field of psychiatry, he was significantly involved in establishing various services in clinics in Switzerland and regularly carries out supervisions in the area of complementary medicine in psychiatry.
